

**Unit - 1****Chapter 1 : Overview of Construction Sector****1-1 to 1-16**

Role of construction industry in infrastructure development, components of infrastructure sector, Construction industry nature, characteristics, size, structure, role in economic development, construction management - necessity, applications, project management consultants - role, types, selection and appointment process, Project overruns and means to combat them, project monitoring and reporting systems, managerial correspondence and communications, generation and identification of project investment opportunities.

| | | |
|-------------|--|-------------|
| 1.1 | Role of Construction Industry in Infrastructure Development..... | 1-2 |
| 1.2 | Important Roles of Construction Industry..... | 1-2 |
| 1.3 | Components of Infrastructure Sector | 1-3 |
| 1.4 | Construction Industry Nature | 1-4 |
| 1.5 | Characteristics of Construction Industry | 1-5 |
| 1.6 | Construction Industry - Size and Structure..... | 1-6 |
| 1.6.1 | Structure | 1-6 |
| 1.7 | Role of Construction Sector in Economic Development | 1-8 |
| 1.8 | Construction Management | 1-8 |
| 1.8.1 | Necessity | 1-8 |
| 1.8.2 | Applications of Construction Management | 1-9 |
| 1.9 | Project Management Consultant | 1-10 |
| 1.9.1 | Role of PMC..... | 1-10 |
| 1.9.2 | Selection and Appointment Process..... | 1-11 |
| 1.10 | Project Overruns and Means to Combat them | 1-12 |
| 1.10.1 | Project Overruns | 1-12 |
| 1.10.2 | Means to Combat Project Overruns | 1-13 |
| 1.11 | Project Monitoring and Reporting System (PMRS)..... | 1-13 |
| 1.12 | Managerial Correspondence and Communication | 1-15 |
| 1.13 | Generation and Identification of Project Investment Opportunities | 1-15 |

**Unit - II****Chapter 2 : Construction Scheduling, Work Study and BIM****2-1 to 2-28**

Construction project scheduling : definition, objectives factors affecting scheduling, work breakdown structure, project work break down levels, line of balance technique, project monitoring controlling, and introduction to building information modeling (BIM) based on software. Work study (time and motion study): definition, objectives, process of method study, symbols, multiple activity charts, two handed process chart, string diagram.

| | | |
|------------|--|-------------|
| 2.1 | Construction Project Scheduling..... | 2-1 |
| 2.1.1 | Preparation of Construction Schedules..... | 2-1 |
| 2.1.2 | Uses of Scheduling..... | 2-2 |
| 2.1.3 | Advantages of Scheduling..... | 2-2 |
| 2.1.4 | Factors Affecting Scheduling..... | 2-2 |
| 2.2 | Work Breakdown Structure..... | 2-3 |
| 2.3 | Line of Balance | 2-7 |
| 2.3.1 | Scheduling with LOB..... | 2-8 |
| 2.4 | Repetitive Project Management | 2-10 |
| 2.5 | Project Monitoring Controlling, and Introduction to Building Information Modeling (BIM) based on Software | 2-11 |
| 2.5.1 | Controlling Cost Quality and Risk..... | 2-11 |
| 2.6 | Introduction to Building Information Modeling (BIM) based on Software..... | 2-12 |
| 2.6.1 | Process of BIM | 2-12 |
| 2.7 | Work Study | 2-13 |
| 2.7.1 | Method Study..... | 2-14 |
| 2.7.2 | Steps or Procedure Involved in Methods Study | 2-15 |
| 2.7.3 | Selection of the Job for Method Study..... | 2-16 |
| 2.7.4 | Recording Techniques for Method Study | 2-17 |
| 2.7.5 | Charts Used in Methods Study..... | 2-17 |
| 2.7.6 | Diagrams Used in Method Study | 2-22 |

| | | |
|------------|---|-------------|
| 2.8 | Work Measurement | 2-25 |
| 2.8.1 | Objectives of Work Measurement | 2-25 |
| 2.8.2 | Various Techniques of Work Measurement..... | 2-25 |
| 2.8.3 | Applications of Work Measurement..... | 2-27 |
| 2.9 | Time and Motion Study | 2-28 |

Unit - III

Chapter 3 : Labour Laws

3-1 to 3-14

Need and importance of labour laws, study of some important labour laws associated with construction sector, workman's compensation act 1923, Building and other construction workers act 1996, child labour act, interstate migrant workers act, the minimum wages Act of 1948.

| | | |
|------------|--|-------------|
| 3.1 | Introduction | 3-1 |
| 3.2 | Need and Importance of Labour Law | 3-2 |
| 3.3 | Workmen's Compensation Act - 1923 | 3-2 |
| 3.3.1 | Introduction and Objectives..... | 3-2 |
| 3.3.2 | Scope and coverage..... | 3-3 |
| 3.4 | Child Labor Act | 3-5 |
| 3.4.1 | Introduction of act..... | 3-6 |
| 3.4.2 | Hazardous Occupations..... | 3-6 |
| 3.4.3 | Child Labour Technical Advisory Committee..... | 3-9 |
| 3.5 | Building and Other Construction Work Act 1996 | 3-10 |
| 3.6 | Interstate Migrant Workers Act (Regulation of Employment and Conditions of Service) Act, 1979 | 3-12 |
| 3.7 | Minimum Wages Act 1948 | 3-14 |

Chapter 4 : Capital Investments

4-1 to 4-22

Capital investments : importance and difficulties, means of finance, working capital requirements, project cash flow projections and statements, project balance sheet, profit loss account statements.

| | | |
|------------|---------------------------|------------|
| 4.1 | Introduction | 4-1 |
| 4.1.1 | Business Finance | 4-2 |
| 4.1.2 | Sources of Finance | 4-2 |

| | | |
|------------|---|-------------|
| 4.1.3 | Need of Business Finance | 4-5 |
| 4.2 | Working Capital | 4-7 |
| 4.2.1 | Introduction | 4-7 |
| 4.2.2 | Need of Working Capital | 4-7 |
| 4.2.3 | Operating Cycle | 4-8 |
| 4.2.4 | Components of Working Capital..... | 4-8 |
| 4.2.5 | Characteristic of Working Capital..... | 4-9 |
| 4.2.6 | Importance of Working Capital..... | 4-9 |
| 4.2.7 | Objectives of Working Capital | 4-9 |
| 4.2.8 | Sources of Working Capital | 4-10 |
| 4.3 | Project Cash Flow | 4-10 |
| 4.3.1 | Introduction | 4-10 |
| 4.3.2 | Cash Flow Statement | 4-11 |
| 4.3.3 | Objectives of Cash Flow..... | 4-12 |
| 4.3.4 | Uses and Significance of Cash Flow Statement | 4-12 |
| 4.3.5 | Limitations of Cash Flow Statement | 4-13 |
| 4.3.6 | Procedure for Preparation of Cash Flow Statement..... | 4-13 |
| 4.3.7 | Cash Flow Diagram..... | 4-14 |
| 4.4 | Project Balance Sheet..... | 4-14 |
| 4.4.1 | Liabilities | 4-15 |
| 4.4.2 | Assets..... | 4-16 |
| 4.4.3 | Format of Balance Sheet | 4-18 |
| 4.5 | Profit and Loss Account..... | 4-19 |
| 4.6 | Capital Investment | 4-20 |
| 4.6.1 | Objectives of Capital Investment..... | 4-21 |
| 4.6.2 | Importance of Capital Investment..... | 4-21 |
| 4.6.3 | Difficulties of Capital Investment..... | 4-22 |

**Unit - IV****Chapter 5 : Risk Management and Value Engineering****5-1 to 5-34**

Risk Management : Introduction, principles, steps in risk management, risk in construction, origin, use of mathematical models: sensitivity analysis, break even analysis, simulation analysis (examples), decision tree analysis, risk identification, mitigation of project risks, role of insurance in risk management and case study on risk management.

Value Engineering : Meaning of value, types of value, value analysis, value engineering and its application, energy cost escalation and its impact on infrastructure project.

| | | |
|-------------|--|-------------|
| 5.1 | Risk Management | 5-1 |
| 5.2 | Elements of Risk Management | 5-2 |
| 5.3 | Principle of Risk Management | 5-12 |
| 5.4 | Types of Risk and Origin | 5-13 |
| 5.5 | Use of Mathematical Models in Risk Analysis | 5-16 |
| 5.5.1 | Sensitivity Analysis | 5-16 |
| 5.5.2 | Break Even Analysis..... | 5-18 |
| 5.5.3 | Simulation | 5-19 |
| 5.5.4 | Decision Tree Analysis..... | 5-22 |
| 5.6 | Role of Insurance in Risk Management | 5-23 |
| 5.6.1 | Types of Construction Insurance | 5-24 |
| 5.7 | Meaning of Value | 5-25 |
| 5.7.1 | Value Engineering..... | 5-26 |
| 5.7.2 | Possible Causes of Unnecessary Increase of Cost | 5-26 |
| 5.8 | Value Analysis | 5-27 |
| 5.8.1 | Advantages of Value Analysis | 5-29 |
| 5.9 | Value Engineering and Value Management | 5-29 |
| 5.10 | Energy Resources Consumption Patterns | 5-31 |
| 5.11 | Energy Cost Escalation and its Impact | 5-32 |

**Unit - V****Chapter 6 : Material Management****6-1 to 6-30**

Material : Introduction, need, objectives and functions and scope of material management, integrated concept of material management, material management organization, various phases of material flow system, application of each phase, role of material manager, role of material management in construction management and its linkage with other functional areas, inventory control methods, EOQ Model, stores management and control, break even analysis, concept of logistics and supply chain management, role of ERP in material management and material resource information systems.

| | | |
|-------------|--|-------------|
| 6.1 | Material Management - An overview | 6-1 |
| 6.1.1 | Need or Objectives of Material Management..... | 6-2 |
| 6.2 | Integrated Material Management | 6-3 |
| 6.2.1 | Benefits of an Integrated Material Handling System..... | 6-3 |
| 6.3 | Organization of Materials Management..... | 6-3 |
| 6.4 | Functions of Material Management..... | 6-4 |
| 6.5 | Flow Chart for Material Flow System | 6-6 |
| 6.6 | Role of Material Management in Construction Management..... | 6-7 |
| 6.6.1 | Important Functional Area of Material Management | 6-7 |
| 6.7 | Vendor Networks / Buyer - Seller Relationship | 6-7 |
| 6.7.1 | Objectives of Buyer / Material Manager | 6-9 |
| 6.7.2 | Objectives of Supplier | 6-9 |
| 6.8 | Concept of EOQ | 6-9 |
| 6.8.1 | Development of an EOQ Formula..... | 6-11 |
| 6.8.2 | Variation in EOQ Model | 6-17 |
| 6.9 | Break Even Analysis | 6-18 |
| 6.9.1 | The Break-Even Chart..... | 6-19 |
| 6.10 | Material Codification and Classification | 6-20 |
| 6.10.1 | Material Identification | 6-21 |
| 6.10.2 | Material Classification..... | 6-21 |
| 6.10.3 | System of Codification | 6-22 |
| 6.10.4 | Some Benefits of Codification | 6-23 |
| 6.11 | Logistic and Supply Chain Management | 6-24 |
| 6.11.1 | Objectives of Logistic Management..... | 6-24 |

| | | |
|-------------|--|-------------|
| 6.11.2 | Factors Consider while doing Logistic Management..... | 6-24 |
| 6.11.3 | Activities in Logistic Management..... | 6-25 |
| 6.12 | Role of ERP in Material Management..... | 6-26 |
| 6.12.1 | Material Resource Information System..... | 6-27 |
| 6.12.2 | Benefits of Material Resource Information System | 6-28 |
| 6.12.3 | Overall ERP Behavior in Material Management | 6-28 |

Unit - VI

Chapter 7 : Human Resource Management

7-1 to 7-18

Human resource : introduction, nature and scope of human resource management, human resource in construction sector, staffing policy and patterns, human resource management process, human resource development process, recruitment & selection, performance evaluation and appraisal, training & development, succession planning, compensation and benefits, career planning, human resources information systems, HR data and analytics, role of ERP in human resource management and human resource information system.

| | | |
|------------|--|-------------|
| 7.1 | Human Resource..... | 7-1 |
| 7.1.1 | Human Resource Management..... | 7-2 |
| 7.1.2 | HRM in Construction Sector | 7-2 |
| 7.2 | Staffing Policy and Pattern | 7-3 |
| 7.2.1 | Staff | 7-4 |
| 7.3 | Human Resource Management Process..... | 7-5 |
| 7.4 | Human Resource Development (HRD)..... | 7-7 |
| 7.5 | Performance Appraisal and Job Evaluation..... | 7-8 |
| 7.5.1 | Methods of Performance Appraisal | 7-9 |
| 7.6 | Training and Career Planning | 7-10 |
| 7.7 | Career and Career Planning..... | 7-11 |
| 7.8 | Succession Planning | 7-13 |
| 7.8.1 | Purpose of Succession Planning | 7-14 |
| 7.8.2 | Benefits of Succession Planning | 7-14 |
| 7.9 | Compensation and Benefits | 7-14 |
| 7.9.1 | Compensation and Benefits Components | 7-15 |

| | | |
|-------------|--|-------------|
| 7.10 | HR Data and Analytics..... | 7-16 |
| 7.10.1 | Advantages of HR Analytics..... | 7-16 |
| 7.11 | Role of ERP in Human Resource Information System (HRIS) | 7-17 |

| | |
|--|--------------------|
| Chapter 8 : Introduction to Artificial Intelligence Technique | 8-1 to 8-22 |
|--|--------------------|

| |
|--|
| Introduction to artificial intelligence technique, basic terminologies and applications in civil engineering : artificial neural network, fuzzy logic and genetic algorithm. |
|--|

| | | |
|-------------|---|-------------|
| 8.1 | Artificial Intelligence (AI)..... | 8-1 |
| 8.2 | Artificial Neural Network | 8-2 |
| 8.3 | Neural Network Architectures | 8-4 |
| 8.4 | Features of Artificial Neural Network | 8-6 |
| 8.5 | Neural Networks : Terminology | 8-6 |
| 8.5.1 | Processing Unit | 8-6 |
| 8.5.2 | Interconnections | 8-7 |
| 8.5.3 | Output | 8-7 |
| 8.6 | Characteristics of Neural Networks | 8-7 |
| 8.7 | Fuzzy Logic..... | 8-8 |
| 8.7.1 | Characteristics of Fuzzy Logic | 8-9 |
| 8.8 | Fuzzy Logic System..... | 8-9 |
| 8.8.1 | Fuzzification | 8-10 |
| 8.8.2 | Characteristics of Fuzzy logic | 8-12 |
| 8.8.3 | Advantages of Fuzzy Logic Systems..... | 8-12 |
| 8.8.4 | Disadvantages of Fuzzy Logic Systems..... | 8-12 |
| 8.8.5 | Applications of Fuzzy Logic | 8-12 |
| 8.9 | Genetic Algorithms | 8-14 |
| 8.9.1 | Technical Terms used in Genetic Algorithm | 8-15 |
| 8.9.2 | Operators in Genetic Algorithm..... | 8-16 |
| 8.9.3 | Applications of Genetic Algorithm..... | 8-17 |
| 8.10 | Expert System | 8-18 |
| 8.10.1 | Advantages of Expert System | 8-19 |
| 8.10.2 | Applications of Expert System in Civil Engineering..... | 8-20 |
