

**UNIT I**

| <b>Chapter 1 : Distributed Systems</b> |   | <b>1-1 to 1-72</b> |
|--|---|--------------------|
| ✓                                      | <b>Syllabus Topic : Introduction to Cloud Computing</b> .....                 | 1-1                |
| 1.1                                    | Introduction to Cloud Computing .....   | 1-1                |
|  | 1.1.1 The Vision of Cloud Computing .....                                     | 1-2                |
|  | 1.1.2 Defining a Cloud.....   | 1-4                |
|  | 1.1.3 Basics of Cloud Computing .....   | 1-5                |
|  | 1.1.4 The Cloud Computing Reference Model.....                                | 1-7                |
|  | 1.1.5 Future Challenges .....   | 1-8                |
| ✓                                      | <b>Syllabus Topic : Characteristics and benefits of Cloud Computing</b> ..... | 1-9                |
| 1.2                                    | Characteristics and benefits of Cloud Computing .....                         | 1-9                |
| ✓                                      | <b>Syllabus Topic : Basic Concept of Distributed System</b> .....             | 1-12               |
| 1.3                                    | Basic Concept of Distributed System .....                                     | 1-12               |
|  | 1.3.1 Distributed System Architecture.....                                    | 1-12               |
|  | 1.3.2 Characteristics of a Distributed System.....                            | 1-15               |
| ✓                                      | <b>Syllabus Topic : Web 2.0</b> .....   | 1-18               |
| 1.4                                    | Web 2.0 .....   | 1-18               |
| ✓                                      | <b>Syllabus Topic : Service Oriented Computing</b> .....                      | 1-20               |
| 1.5                                    | Service Oriented Computing .....  | 1-20               |
| ✓                                      | <b>Syllabus Topic : Utility-Oriented Computing</b> .....                      | 1-23               |
| 1.6                                    | Utility-Oriented Computing .....  | 1-23               |
| ✓                                      | <b>Syllabus Topic : Elements of Parallel Computing</b> .....                  | 1-23               |
| 1.7                                    | Elements of Parallel Computing .....  | 1-23               |
|  | 1.7.1 Parallel Processing.....  | 1-24               |
|  | 1.7.2 Hardware architectures for parallel processing .....                    | 1-24               |
|  | 1.7.3 Levels of Parallelism .....   | 1-28               |
| ✓                                      | <b>Syllabus Topic : Elements of Distributed Computing</b> .....               | 1-29               |
| 1.8                                    | Elements of Distributed Computing.....  | 1-29               |
|  | 1.8.1 General Concepts and Definitions Distributed Computing .....            | 1-30               |
|  | 1.8.2 Components of a Distributed System .....                                | 1-30               |
|  | 1.8.3 Architectural Styles for Distributed Computing.....                     | 1-31               |
|  | 1.8.4 Models for Inter-Process Communication .....                            | 1-40               |
|  | 1.8.4.1 Message-based Communication .....                                     | 1-41               |
|  | 1.8.4.2 Models for Message-based Communication .....                          | 1-43               |
| ✓                                      | <b>Syllabus Topic : Technologies for Distributed Computing</b> .....          | 1-45               |
| 1.9                                    | Technologies for Distributed Computing.....                                   | 1-45               |
|  | 1.9.1 Remote Procedure Call .....   | 1-45               |

|        |   |             |
|--------|---|-------------|
| 1.9.2  | Distributed Object Frameworks.....  | 1-47        |
| 1.9.3  | Service-Oriented Architectures and Web Services.....                                | 1-50        |
| ✓      | <b>Syllabus Topic : Cloud Computing Architecture</b> .....                          | 1-52        |
| 1.10   | Cloud Computing Architecture .....  | 1-52        |
| 1.10.1 | Layers of Cloud Architecture Implementation .....                                   | 1-53        |
| 1.10.2 | Understanding Cloud Ecosystem.....  | 1-54        |
| 1.10.3 | Cloud Architectural Components .....  | 1-55        |
| ✓      | <b>Syllabus Topic : The Cloud Reference Model</b> .....                             | 1-57        |
| 1.11   | The Cloud Reference Model .....   | 1-57        |
| ✓      | <b>Syllabus Topic : The Cloud Reference Model Infrastructure as a Service</b> ..... | 1-58        |
| 1.11.1 | IaaS/HaaS (Infrastructure / Hardware as a Service) .....                            | 1-58        |
| ✓      | <b>Syllabus Topic : The Cloud Reference Model Platform as a Service</b> .....       | 1-59        |
| 1.11.2 | PaaS (Platform as a Service).....   | 1-59        |
| ✓      | <b>Syllabus Topic : The Cloud Reference Model Software as a Service</b> .....       | 1-60        |
| 1.11.3 | SaaS (Software as a Service) .....  | 1-60        |
| ✓      | <b>Syllabus Topic : Types of Clouds</b> .....                                       | 1-62        |
| 1.12   | Types of Clouds .....   | 1-62        |
| 1.13   | Exam Pack (Review Questions).....   | 1-70        |
|        | <b>Chapter Ends</b> .....   | <b>1-72</b> |

## UNIT II

|                                   |  |      |
|-----------------------------------|--|------|
| <b>Chapter 2 : Virtualization</b> | <b>2-1 to 2-36</b>   |      |
| 2.1                               | Introduction to Virtualization.....                                      | 2-1  |
| 2.1.1                             | Virtualization Basics.....   | 2-2  |
| 2.1.2                             | Virtualization Approaches .....  | 2-2  |
| ✓                                 | <b>Syllabus Topic : Characteristics of Virtualized Environment</b> ..... | 2-3  |
| 2.1.3                             | Characteristics of Virtualized Environment .....                         | 2-3  |
| ✓                                 | <b>Syllabus Topic : Taxonomy of virtualization</b> .....                 | 2-7  |
| 2.2                               | Taxonomy of Virtualization .....   | 2-7  |
| ✓                                 | <b>Syllabus Topic : Virtualization and Cloud Computing</b> .....         | 2-23 |
| 2.3                               | Virtualization and Cloud Computing .....                                 | 2-23 |
| 2.3.1                             | Cloud Computing.....   | 2-24 |
| 2.3.2                             | Cloud Services Models .....  | 2-25 |
| 2.3.3                             | Why Virtualization ?.....  | 2-25 |
| 2.3.4                             | Virtualization versus Cloud Computing .....                              | 2-26 |
| ✓                                 | <b>Syllabus Topic : Pros and Cons of virtualization</b> .....            | 2-27 |
| 2.4                               | Pros and Cons of virtualization .....                                    | 2-27 |
| 2.4.1                             | Pros of Virtualization.....  | 2-27 |

|       |   |             |
|-------|---|-------------|
| 2.4.2 | Cons of Virtualization.....   | 2-28        |
| ✓     | <b>Syllabus Topic : Virtualization using KVM.....</b>                             | 2-29        |
| 2.5   | Virtualization using KVM.....   | 2-29        |
| ✓     | <b>Syllabus Topic : oVirt-management tool for Virtualization Environment.....</b> | 2-30        |
| 2.6   | oVirt management tool for Virtualization Environment.....                         | 2-30        |
| 2.6.1 | What is oVirt?.....   | 2-30        |
| 2.6.2 | Goals of the oVirt.....   | 2-31        |
| ✓     | <b>Syllabus Topic : Open Challenges of Cloud Computing.....</b>                   | 2-32        |
| 2.7   | Open Challenges of Cloud Computing.....   | 2-32        |
| ✓     | <b>Syllabus Topic : Creating Virtual Machines.....</b>                            | 2-34        |
| 2.8   | To create a Virtual Machine using VMware Workstation.....                         | 2-34        |
| 2.9   | Exam Pack (Review Questions).....   | 2-36        |
|       | <b>Chapter Ends.....</b>  | <b>2-36</b> |

### UNIT III

#### Chapter 3 : OpenStack

3-1 to 3-39

|       |   |      |
|-------|---|------|
| ✓     | <b>Syllabus Topic : Introduction to Open Stack.....</b>         | 3-1  |
| 3.1   | Introduction to OpenStack.....                                  | 3-1  |
| 3.1.1 | OpenStack for Cloud Environment.....                            | 3-2  |
| 3.1.2 | Component of OpenStack.....                                     | 3-2  |
| ✓     | <b>Syllabus Topic : OpenStack Test-drive.....</b>               | 3-3  |
| 3.2   | OpenStack Test-drive.....                                       | 3-3  |
| 3.3   | OpenStack Software and APIs.....                                | 3-4  |
| 3.3.1 | Up and Running.....   | 3-5  |
| ✓     | <b>Syllabus Topic : OpenStack CLI and APIs.....</b>             | 3-8  |
| 3.4   | OpenStack Client Command-Line Interface (CLI).....              | 3-8  |
| 3.4.1 | OpenStack Networking Concepts.....                              | 3-10 |
| ✓     | <b>Syllabus Topic : Tenant Model Operations.....</b>            | 3-10 |
| 3.5   | Tenant Networks.....  | 3-10 |
| 3.5.1 | Provider Networks.....  | 3-11 |
| 3.6   | OpenStack Private Cloud.....                                    | 3-19 |
| 3.6.1 | OpenStack Private Cloud Benefits.....                           | 3-20 |
| 3.7   | Install and Configure Controller Node.....                      | 3-22 |
| 3.7.1 | Install and Configure Components.....                           | 3-25 |
| 3.7.2 | Networks and Network Interfaces.....                            | 3-28 |
| ✓     | <b>Syllabus Topic : Block Storage.....</b>                      | 3-29 |
| 3.8   | Block Storage (Cinder).....                                     | 3-29 |
| ✓     | <b>Syllabus Topic : Orchestration using OpenStack Heat.....</b> | 3-31 |

|      |                                     |                    |
|------|-------------------------------------|--------------------|
| 3.9  | OpenStack Heat Orchestration .....  | 3-31               |
| 3.10 | Ephemeral Storage (Nova) .....      | 3-37               |
| 3.11 | Exam Pack (Review Questions) .....  | 3-38               |
|      | <b>Chapter Ends .....</b>           | <b>3-39</b>        |
|      | • <b>List of Practical's .....</b>  | <b>L-1 to L-80</b> |
|      | • <b>Model Question Papers.....</b> | <b>M-1 to M-4</b>  |
